Duties, Accomplishments, and Related Skills

Conducts Quality Assurance evaluations across Ramstein Air Force Base on all Air Force owned Fuel Systems and organizational tanks. Impartially enforces Air Force Instructions, and Technical Orders across the Logistics Readiness Squadron personnel and reports directly to the Commander on the status of the Squadron.

Supervisor: Dwayne Gooden

U.S. Air Force
USAFCENT 9AF/A4 Detachment 6
Al Udeid AB, Qatar

May 2020 – May 2021

WRM FSE COR (Fuels Support Equipment War Readiness Material Contract Officer Representative)

Duties, Accomplishments, and Related Skills:

Conducts quality control evaluations on USAFCENT's \$3.8 Billion Pre-Positioned War Readiness Materials servicing six locations in four countries. Enforced government standards and Air Force Instruction Requirements on \$565 Million contract and drive Performance Work Standard adherence for safe working environment for 203 personnel. Liaison between the United States and four host nations on fuels equipment concerns, analyzed and provided monthly capability products to 9AF/A4 Staff. Oversaw the unit's OPSEC, Information Technology Equipment Custodian, Information Assurance, and Trusted Associate Sponsorship System enhancing cybersecurity capabilities, USCENCOM contingency and exercise operations.

- Mediated Fuels Management Defense Server cybersecurity vulnerability concerns between Al Udeid Communications Focal Point concerns and Fuels Management Flights ensuring proper understanding of system operation.

Supervisor: Brandon Thompson

U.S. Air Force
5 LRS/LGRF
Minot AFB, ND

April 1998 – April 2020

NCOIC, Distribution

NCOIC, Fuels Hydrants

NCOIC, Fuels Service Center

Duties, Accomplishments, and Related Skills:

Led 7-Amn; directs fuel servicing ops to 26 assigned B-52s, 8 UH-1 aircraft and 165 organizational tanks worth \$20.7B. Oversaw base 2.2M gallon fuel inventory management plan refueling MAFB's operational flying program costing \$2.9B. Validated accuracy of receipt, inventory, and refuel documents for 40M Defense Logistics Agency (DLA) product

account. DLA appointed Contract Officer Rep (COR), managed 2F fuel contracts/6-civ mems/6 fixed facilities valued at \$25M. Trained distribution competency & AFSC core-task proficiency; qualifies & certifies Airmen on 138 preventive mx tasks. Performs expediter duties; supervises flightline & hydrant ops, conducts minor on-spot repairs ISO fuels servicing fleet. Managed & conducted minor mx repairs on 14 R-11/R-12/C-300/C-301 refuel units/4 gen purpose vehicles valued at \$3.1M.

- Steered high-vis server updates; installed 32 patches/cut vulnerabilities 70%--Wing aced CCRI/awarded Comm/CC LOA.
- Managed Wing fuel key audit; teamed with VCNCOs/adjusted data/1.1K vehicles--corrected 28 accts/300K accurately billed.
- Corrected 4-yr software error identifying formula anomaly and teamed with DLA specialist.

Supervisor: John Broome

U.S. Air Force

HAF/ A4L Air Force Petroleum Agency
Ft. Belvoir, VA

Mar 2014 – Mar 2018

Air Force Current and Future Operations NCO

Air Force Fixed Facilities NCO

Duties, Accomplishments, and Related Skills:

Interpreted and distributed AF policy; provided technical expertise to 11 MAJCOMs/209 bases/5.4K 2F0X1 personnel. Reviewed/analyzed fuels career field safety incidents; coordinated w/item managers/engineers--publishes corrective actions. Determines/validates AF refueling vehicles/equipment/fuel requirements; reviewed/staffed fuels ops checklists/waivers/deviation. Manages AFPET's info technology equipment; oversees use of 147 assets at \$70K--sustains 106 personnel across 8 GSUs. Provided SME/functional management guidance for petroleum/missile fuel & cryogenics fixed facility improvements. Managed Enterprise Business System (EBS) accounts requests for the AF Civil Engineering and Fuel's communities. Defense Logistics Agency-Energy liaison; conducted fuels infrastructure assessments--2B gallons of annual petroleum sales. Implemented execution of Real Property programs--expedited corrective actions with site managers and civil engineers.

- Overhauled AF EBS account monitoring; slashed report generation time by 98%--saved 192 manhours annually.
- Audited 900 EBS accounts; deleted 27 erroneous records--saved DLA-Energy Capital fund \$302.4K annually.
- - Expedited 11 DLA IT access requests; managed 107 users across 3 directorates
- Co-created vehicle validation worksheet: devised calculation/briefing template--program saved AF \$14.4M procurement and maintenance costs
- Advanced AF Real Property program: advised Real Property Enterprise w/database construct--consolidated 500M infrastructure inventory and database adopted by OSD.
- Engineered office tracking tool; monitored 22 tasks/3 directorates/8 geographically separated locations--credited w/zero late suspense rate.
- Spearheaded AF Fuels QRGs; refurbished/standardized formatting for 106 locations--enhanced fuels situational awareness and supportability.
- Transformed incident report strategy; narrowed focus to root cause analysis--decreased process time 25%/166 mishaps.
- Steered career-field SharePoint working group, identifying 12 errors, standardized comm tool slashing lag time 70% AF-wide.
- Created AF's 1st automated refueler Validation Calculator Tool, leading the team to tackle 400K data points reducing a 5-day process <30 min.
- Authored new career field policy; identified AF fuel nozzle failure trend which impacted 209 locations. Locations issued 143M gals with zero aircraft incidents.

Supervisor: Gregory Lipscomb

U.S. Air Force

356 LRS/LGRF
Eielson AFB, AK

Jan 2010 – Feb 2014

Fuels Information Manager

Fuels Accountant

Fuels Facilities Supervisor

Duties, Accomplishments, and Related Skills:

Maintained 26M-gallon bulk aviation and ground fuel inventory in support of DoD operational requirements. Verified accuracy of receipt, inventory, and issue documents for the fourth largest Defense Energy Supply Point. Processed and reconciles account transactions for Defense Logistics Agency Energy (DLA-E) owned products. Directed fuels operations for transient and base-assigned aircraft, 750 vehicles, and 105 fuel support org tanks.

- Liaison for server migration operations; coordinated w/AFNET/DLA-E for FMD server updates.
- Exceptional NCO, corrected 100+ ATG system deficiencies which are now 100% accurate.

Supervisor: Dana Spilinek

U.S. Air Force

65 LRS/LGRF

Lajes Field, Açores

Aug 2008 – Dec 2009

Fuels Accountant

Duties, Accomplishments, and Related Skills:

Utilized Fuels Manager Defense (FMD) to collect, store and process all petroleum and cryogenic transactions. Quality checks fuel transactions prior to transmittal; creates reports for Defense Energy Support Center (DESC). Focal point of contact for actions in fuel operation areas; monitors all petroleum/cryogenic product movements. Determines inventory variances, prepares & submits bulk petroleum contingency reports to USAFE Fuels Staff

- Oversight of 150+ equipment in Fuels Manager Defense leading to perfect USAFE A4 status reports.
- Reconciled 65 ABW \$11M portion of DESC's \$14B a year fuel budget. DESC Inventory manager stated, "best account in USAFE."
- Base level support administrator to DESC computers
- Overhauled Fuels Manager sever backup procedures. Ensured effective recovery measures Were in place.
- Utilized technical skills; taught 5-hr Excel course, Lajes Field AFRC.

Supervisor: Michael Stellflug

US. Air Force

18 LRS/ESS

Kadena AB, Japan

Aug 2006 – Jul 2008

Executive Support Staff

Duties, Accomplishments, and Related Skills:

Monitored and controlled over 800 squadron personnel information files...maintains FRM inspections for security. Provides around-the-clock expert customer service for the largest Logistics Readiness Squadron in PACAF. Processed all personnel in/out of squadron...validates/prepares all sponsorship packages with flight leadership. Regulates the squadron's Government Travel Card program & tracks all urinalysis reports within the squadron.

- Hand selected by Mission Support Group Director to become Group CSA enabling for quick response to handle IT issues and enforce cybersecurity while assigned to Installation Deployment and Reception Center Duties.
- Developed database to track EPRs/Decorations/Government Travel Cards with 100% accuracy
- Created encrypted database to monitor deployments/reception times for battle staff with network awareness/healing logic. This allowed it to switch to a different geographically located locations if any of the three saved locations went offline with minimal data loss. Recognized as a Top Performer by visiting IG General who oversaw the Wing Operational Readiness Inspection.

Supervisor: Kiley Scholl

US. Air Force
18 LRS/LGRF
Kadena AB, Japan

Feb 2004 – Jul 2006

Fuels Storage Journeyman

Flight Admin

Fuels Hydrants Journeyman

Fuels Distribution Craftsman

Duties, Accomplishments, and Related Skills:

Responsible for operations of mobile and hydrant refueling equipment required to perform five separate types of servicing operations. Performs preventive maintenance during daily, weekly, and monthly inspection and minor maintenance when required. Briefs Resource Control Center and shift supervisor on operational status of equipment and facilities daily.
